Agreement to Terminate Sewer Service

By signing this agreement, the parties listed below hereby acknowledge that the premise(s) located at: _____, Aspen Colorado, is connected to the Aspen Consolidated Sanitation District sewer system and that said sanitary sewer service connection shall be excavated and terminated (capped) at the sewer main prior to commencement of any soil stabilization work, such as soil nailing or micro-piling.

Demolition and Excavation and/or Access and Infrastructure permits will not be approved without acceptance of this agreement. No subsequent permits shall be approved without verification by the Aspen Consolidated Sanitation District of the sanitary sewer service line termination (capping).
